

Andrea Schiffo

// CURRICULUM VITAE

Date of birth: 06/09/1986

Place of birth: SAN DANIELE DEL FRIULI (UDINE) - ITALY

SSN: SCHNDR86P06H816X

E-mail address: aschiffo@yahoo.it

Mobile: +39 347 7370463

Website: <http://www.andreaschiffo.it>

Address: VIA SAN ROCCO 11, 33034 CICONICCO DI FAGAGNA (UD) – ITALY

Gender: Male

Age: 31

Nationality/ citizenship: Italian

Telephone: +39 0432 801576

> Work Experiences

08/2017 – today: Xanadu Consultancy ltd, UDINE (UD)

QA Automation Engineer (betting exchange)

Main activities and responsibilities: Analysis, engineering, development, testing and deploy of e-commerce applications and features / web platforms.

Acquired skills and achieved objectives: automation and functional testing, BDD, API design, agile development, scalable architectures, distributed systems, microservices.

Other notes: At Xanadu I design, write and maintain automated tests for APIs exposed by a massively concurrent, low latency on-line sports trading platform collaborating with the scrum team in order to achieve continuous delivery through the agile process. I currently search and report issues rating their severity for a high level of quality of the software. I maintain and update the automation framework based on Python and nosetests aiming to keep it easy to use and flexible while adhering to the latest technology standards and practices. I coordinate with the agile team for evaluating test efforts and collaborate with other teams in different timezones.

07/2016 – 08/2017: Webformat srl , SPILIMBERGO (PN)

Full stack / backend developer / Magento developer (e-commerce)

Main activities and responsibilities: Analysis, engineering, development, testing and deploy of e-commerce applications and features / web platforms.

Acquired skills and achieved objectives: web development, software engineering, integration, SEO, optimization, analytics, testing, debugging, e-commerce flows.

Other notes: At Webformat I am an integrated open-source-solutions backend developer for e-commerce with the Magento platform; I have been trained to develop modules that extend functionality following Magento's guidelines, therefore providing quality, readability and compatibility of code. I also carry on manual tests and deploy of the features I do implement. I am following Webformat's kanban-like model and strive for continuous integration and solutions that can ease the job of the team (shared knowledge / commit best practices / naming conventions).

03/2012 – 06/2016: OverIT spa , UDINE (UD) (computer science, data processing and acquisition)

***Application Maintenance / Help Desk / Functional Analyst / (Developer)
(Information systems, ERP, WFM)***

Main activities and responsibilities: Application Maintenance, Help Desk, Functional and Technical Analysis, Bug Tracking, Bug Reporting, Bug Fixing, Testing, Deploy.

Acquired skills and achieved objectives: software engineering, user satisfaction, testing, bug tracking, development, release management, analysis, user requirements, help desk.

Other notes: At Overit, leading company in the WFM field, awarded in Gartner's Magic Quadrant I served as Help Desk Manager, Application Maintenance and Release Management for an important gas distribution company in Italy. I supported over 1300 mobile users on field and over

1000 desktop users; I have participated to the porting and development of several features as well as integrations (eg. SAP) collaborating in analysis, coordination, testing and deploy over their proprietary java-based framework: GeoCall. I have been part of a waterfall-based organization and I've contributed to internal processes normalization for installation/delivery of software packages and for internal flow organization related to CMDB and AM, as far as it concerned our project and team. I have travelled around the Italian country to meet clients.

10/2010 – 03/2012: Consult Service , FAGAGNA (UD) (web-marketing)

Web master, Content editor (Marketing/Communication)

Main activities and responsibilities: Website design, content editing.

Acquired skills and achieved objectives: CMS and Joomla framework, Apache web server, web dev technologies (php, javascript, ajax, html, css).

08/2011 – today: Own projects , FAGAGNA (UD) (consultancy)

Web master/Web designer/IT advising (Marketing/Communication)

Main activities and responsibilities: Website production / IT solution consulting.

Acquired skills and achieved objectives: User requirement gathering, project management, customer interaction, project design.

Other notes: personal projects for friends (mainly small websites based on Joomla).

11/2011 – 11/2011 - Reply , FAGAGNA (UD) (consultancy)

Data gathering and insertion for Vodafone's new website (Information systems)

Main activities and responsibilities: data entry.

Acquired skills and achieved objectives: time-management, respecting deadlines, remote work, communication.

Other notes: remote job, after former meeting in Milan.

07/2009 – 10/2009 - DarWin italia, Uniud , UDINE (UD)

Tirocinante (Information systems, EDP)

Main activities and responsibilities: User manual writing.

Acquired skills and achieved objectives: Functional analysis and technical writing.

Other notes: stage that was planned as part of the thesis for three-years degree in CS.
